### Prosperity Party Agents Torture 13-Year-Old Boy in Ayira District, West Wollega

ONM-ABO | May 14, 2025

On May 9, 2025, in Warra Kuraa Suchi village, Ayira District of West Wollega Zone, Prosperity Party (PP) agents committed a grave human rights violation by **arresting and torturing a 13-year-old child** named **Hundee Tasfaa**.

Residents told ONM that the boy was detained **simply because his brother is allegedly a member of the Oromo Liberation Army (OLA)**. Eyewitnesses report that the child has been subjected to **physical beatings during the day and forced to sleep in the cold at night**, acts which amount to inhumane and degrading treatment.

Locals described the incident to the **Oromia National Media (Arraata Biyyoolessa Oromiyaa)**, condemning the agents' **heartless brutality** and their continued use of torture against civilians.

The PP regime's forces, who claim to be upholding law and order, continued perpetuating **cruelty**. Across multiple regions of Oromia, these forces are carrying out systematic **arrests, lootings, house burnings, forced displacements, and extrajudicial killings**, targeting Oromo youth and activists.

Residents are calling for immediate intervention and **accountability for the perpetrators of this crime against humanity**.
